

## Curriculum Vitae Iean Wallace Russell

**Academic Qualifications:** BSc (Hons) *Old*, MAgSt *Old*, PhD *Old*  
**Current Employment:** Lecturer in Natural Resource Economics,  
Chair Teaching and Learning Committee for the  
School of Natural and Rural Systems Management  
The University of Queensland, AUSTRALIA

### Major Areas of Interest and Experience:

---

- Tertiary teaching, with broad experience in the fields of Natural Resource Economics, Natural and Agri-food Systems, Research Methodologies, Agricultural Extension, Agricultural Economics, Land Utilisation, Land Economics and Agronomy.
- Development management, agricultural research, education and extension systems in Australia, South-East Asia and the Pacific.
- Issues in the delivery of aid for small and vulnerable states (PhD thesis, published 2005)
- Interdisciplinary research in natural and rural systems management.
- Curriculum and human resource development for agricultural and environmental education.
- Systems thinking, action research and participatory approaches to learning and development.
- The civil-military interface in development processes and transitions to peace.
- Facilitation of strategic development processes for scientific and educational organisations and community groups.

### Address and Contact Details

### UQ Research Profile

---

<http://www.uq.edu.au/solutions/researcher/russelliw.html>

### Employment History:

---

1990-07	Lecturer in Natural Resource Economics, School of Natural and Rural Systems Management, The University of Queensland.
1994-95	Adviser in Agricultural Education for the Australian Catholic Relief Agricultural Extension Project in the Kingdom of Cambodia.
1988-89	Senior Research Assistant, the Department of Agriculture, The University of Queensland. Research topic: <i>The social cost of soil erosion in Queensland</i> .
1989	Lecturer in Land Economics with the Department of Management Studies, Queensland Agricultural College.

- 1986-87      **Tutor in Agricultural Economics** with the Department of Agriculture, The University of Queensland.
- 1985          **Lecturer in Agricultural Extension and Communication**, Fiji College of Agriculture (Australian Staffing Assistance Scheme).
- 1981-84      **Tutor in Agronomy**, Queensland Agricultural College.
- 1979-80      **Teaching Fellow**, the Department of Botany, The University of Queensland.

## **Professional Experience and Consultancy**

---

Development management experience in Australia, Fiji, Cambodia, Lao PDR, Philippines, Viet Nam, Indonesia, Vanuatu, Tuvalu, Kiribati, Palau, Cook Islands, East Timor and Papua New Guinea, involving both long-term and short-term assignments.

### **Participatory needs assessment for capacity building in extension, Pacific Islands (Jul 06-Dec07)**

- Needs Assessment Research Team member for ACIAR Smallholder Farming Systems Project 06-07). Conduct of participatory needs analysis with extension workers and stakeholder groups representing 12 Pacific Island Countries.

**Agribusiness and extension adviser, Improving productivity and profitability of smallholder shrimp aquaculture and related agri-business in Indonesia (April 06).**

**Project design mission.**

- ACIAR Project development mission in Southern Sulawesi.

**Socio-economist, ACIAR Bali Cattle and Systems Projects, Indonesia (July 05)**

- ACIAR project development mission in Lombok and Sumbawa.

**Extension Specialist, ACIAR Smallholder Forestry Project, Philippines (Aug 04- 07).**

- Extension program planning and design of extension materials to support systems oriented project supporting smallholder forestry in Leyte.

**Curriculum Development Specialist, Agricultural Institutional Strengthening Project Continuing Links, in Papua New Guinea, UniQuest on behalf of NZAID (May 04-Dec 08).**

- Curriculum development, staff mentoring, production of teaching materials and promotion of long term academic linkages for the University of Vudal at Oro and East new Britain campuses.

**Civil Military Cooperation (CIMIC) Functional Specialist, Trainer and Staff Officer (Mar 03-Nov 05).**

- Trainee CIMIC Basic Course, Mar-April 2003.
- Training Australian and overseas military staff in information, communications and monitoring and evaluation aspects of CIMIC.
- Pre-deployment training for Australian CIMIC personnel.
- Coordination of military contribution to UQ Fulbright Symposium July 2004, *Civil-Military Cooperation and the War on Terror*.

**Socio-Economist, ACIAR Extending FARMERS Project, Cambodia, Aug 03-Jul 06**

- Conduct of training in economic analysis, farming systems and in participatory research for Cambodian research and extension staff.

**Centre for Rural and Regional Innovation – Queensland, Trainer for Research Methodologies for Management and Extension at the University of Vudal, Oro Campus, Papua New Guinea, Nov 03.**

- Training course for university staff as a component of the staff development program by the University of Vudal.

**Socio-Economist, ACIAR Farmer-based Adaptive Rodent Management, Extension and Research System in Cambodia, July 01 – Jul 03.**

- An ACIAR project in Cambodia working with the Cambodian Agricultural Research and Development Institute and the Department of Agricultural Extension.
- Conduct of socio-economic analysis and training in a farmer-participatory project involving staff from the Cambodian Agricultural research and development Institute, the Office of Agricultural Extension Kampong Cham Province and the communities of Samraong and L'vea Communes, Kampong Cham.

**Coordinator for Socio-Economics, ACIAR project for the Rehabilitation of the Faculty of Agriculture National University of Timor Loro Sae, 2001-2003. Project Collaborator for The University of Queensland.**

- Short term visits to assist with project planning, curriculum development, input purchases and training for the Faculty of Agriculture.

**Education and Extension Specialist, AusAID CARD Project with the Southern Fruit Research Institute, Viet Nam July 01-July 03, 'Improving the performance of the fruit industry in Tien Giang and Tra Vinh Provinces'.**

- Project combining technical improvement of production, marketing, producer cooperatives, agricultural education and extension efforts directed at improving income levels for fruit growers in Southern Viet Nam.
- Australian project team members from UQ, Queensland Fruit and Vegetable Growers and Curtin University.

**Agricultural Education and Resource Economics Specialist, Agricultural Institutional Strengthening Project in Papua New Guinea, UniQuest on behalf of New Zealand Agency for International Development (May 1999-June 03).**

- A series of short-term assignments within a program of long-term assistance, targeted at curriculum and staff development at the University of Vudal (East New Britain Province).
- Survey of agricultural and agribusiness industries as the basis for an Educational Needs Analysis and curriculum review for a four-year Bachelor of Tropical Agriculture degree.
- Rural Extension Centre trainer in *Adult Learning for Rural Education and Research Methods* for staff from the University of Vudal and Highlands Agricultural College.
- Preparation of gender workshops in 'Equity in Agriculture' by University of Vudal staff.

**Action Learning Process Adviser, Agriculture Productivity Improvement Project Advanced Human Resource Development Training for Ministry of Agriculture, Forestry and Fisheries, Cambodia (Jan-Feb 2001).**

- Facilitation of action learning processes for short-term (4 week) training of human resources managers for the Cambodian Ministry of Agriculture, Forestry and Fisheries at the Rural Extension Centre, University of Queensland.

**ACIAR Design Mission: Rehabilitation of the University of East Timor (Nov 00)**

- Short-term mission to East Timor for the design of an ACIAR project to rehabilitate the University of East Timor.

**East Timor Project Scoping Mission (May 00)**

- A short-term mission to East Timor for UniQuest to develop opportunities for cooperation and support for the CNRT in the areas of environmental tourism, environmental management and rural development.

**Training Coordinator, Research Management Training for Cambodia-IRRI-Australia Project (Feb-Mar 00)**

- Short-term training in Research Management for staff from the Cambodian-IRRI-Australia-Project at The University of Queensland.

**Economist, Cost-Benefit Analysis for Gowrie Creek Catchment Rehabilitation Project (Nov-Dec 98).**

- Short-term consultancy for Toowoomba City Council to provide economic analysis to support Federal Government funding applications for the rehabilitation of Gowrie Creek urban catchment.

**Evaluation Training and Development Consultancy for the Cambodian Agricultural Research and Development Institute (May-Jun 99).**

- Short-term consultancy to assist Cambodia-IRRI-Australia Project staff in the development of an evaluation framework for the Cambodian Agricultural Research and Development Institute.

**Agricultural Education and Extension Adviser, Cambodian Agricultural Extension Project for Australian Catholic Relief (Jul 94-Sep 95).**

- Provision of policy and training advice to Cambodian Government extension staff and agricultural educators.
- Development and support for the MAFF Office of Agricultural Extension and Extension Training Team.
- In-service training program and on-going support for provincial agricultural staff.
- Support for small-scale community projects to improve the welfare of rural households.
- Support for the development of agricultural education at Prek Leap Agricultural College and the Royal University of Agriculture.

**Principle Researcher, AusAID Initiated Research Program, Alternative Delivery Mechanisms for Aid to Small and Vulnerable States (July-Dec 1997).**

- Principal Investigator for a six-month research project examining aid delivery mechanisms in Cambodia, Laos, Tuvalu and Kiribati.

**Curriculum Development Specialist, Institutional Strengthening Project at Prek Leap Agricultural College in Cambodia for UNDP and Australian Catholic Relief (Sep 95-Nov 97).**

- Evaluating and reporting on curriculum development issues at Prek Leap Agricultural College.
- Conduct of a series of curriculum development workshops at Prek Leap Agricultural College.
- Support for local staff in the conduct of farmer and government staff training to boost technical skills and teaching capability.

**Lao People's Democratic Republic, Project Opportunities in the Agricultural and Natural Resources Sectors (Feb 1996).**

- Consulting with senior staff from government, multi-lateral and bilateral aid agencies and representatives of the private sector, to gauge opportunities for project involvement by UniQuest (the consulting arm of The University of Queensland).

**Fiji College of Agriculture, Lecturer in Agricultural Extension and Communication, Australian Staffing Assistance Scheme (Jan-Dec 1985).**

- Curriculum development with local staff and consultants from the Wolverhampton Polytechnic (UK).
- Teaching agricultural extension, communications and field crop production.
- Organising and supervising on-farm and outside work experience programs for students.
- Coordinating farmer field days, including Fiji Expo 85.

## **Tertiary Teaching Experience and Skills**

Extensive teaching experience from The University of Queensland, Queensland Agricultural College, Fiji College of Agriculture and Prek Leap Agricultural College, Cambodia.

- Chair Teaching and Learning Committee, NRAVS Board of Studies and Faculty Board representative for School of Natural and Rural Systems Management, 2005-07
- Representative for Gatton Campus, Collaborative Teaching and Learning Centre Management Working Group.
- Wide experience in both undergraduate and postgraduate teaching in applied economics, research methodologies, natural and agri-food systems and related areas. Flexibility and versatility in teaching within broad limits of resource economics, microeconomics, natural and agri-food systems, research, development and extension methodologies, land utilisation, crop production, farm management, and agricultural extension.
- The design and teaching of courses for flexible learning modes, including preparation of web-based materials (WebCT and Blackboard platforms), Study Guides, Books of Readings and other materials for Resource Economics, Land Economics, Microeconomics, Applied Economics and Natural and Agri-food Systems, Research, Development and Extension Methodologies.
- Awarded UQ Learning Enhancement Project for 2004, *Evaluation of course design, learning outcomes and course delivery for Natural and Agri-food Systems*.
- Faculty of NRAVS Teaching and Learning Initiatives Project for 2002: *Web-based learning and assessment for Applied Economics*.
- Curriculum development activities for the University of Queensland, the University of Vudal (PNG), Fiji College of Agriculture, School of Agriculture Prek Leap (Cambodia), and the National University of Timor Loro Sae.
- Centre for Rural and Regional Innovation – Queensland, Trainer for Research Methodologies course.
- Currently Adviser in either Principal or Co-adviser role for 12 PhD and research masters students.
- Teaching performance consistently well above average for the University of Queensland in regular student assessment of teaching conducted independently by the Tertiary Education Development Institute (average score of 5.95, on a 1 to 7 scale, over 21 subjects and 8 years of evaluation). Nominated for UQ excellence in teaching award 1998.
- Supervision of project work for final year undergraduate, Honours, Postgraduate Diploma and Masters Coursework students enrolled in rural and natural systems management courses. Project work with individual students and groups involving: plantation labour productivity in PNG; wildlife utilisation in Papua; spending by recreational fishers in Queensland; recreational fishing behaviour and Vietnamese ethnic origin in SE Qld; development processes and community involvement on Tanna Island, Vanuatu; decision-making by farm households in Cambodia and links to leadership and village structure; gender and development in PNG; curriculum design for forestry training in Lao PDR; multifunctionality of agriculture and land; farmer perceptions of equity in water use in the Lockyer Valley; cost-benefit analysis of ethanol production; the impact of land clearing legislation on pastoral enterprises in Queensland; and the management of snow patch vegetation in Australian alpine regions.
- Assistance to UQ students for the Australian Youth Ambassadors for Development Program, arranging placements with Leyte State University, **Philippines**; the Cambodian Agricultural Research and Development Institute and the Department of Agriculture, Forestry and Fisheries, Kampong Cham, **Cambodia**; Southern Fruit Research Institute, **Viet Nam**; UNDP Samoa; SPREP **Samoa**; University of Vudal, **PNG**; Lihir Management Company, **PNG**; Beijing Agricultural University, **China**; University of the South Pacific; and the Fiji National Trust, **Fiji**.
- I enjoy teamwork and have worked in situations that have required me to perform in a variety of team roles, including team teaching into integrated subjects and participation in

cross-cultural teams. I have led a team of 5-7 staff in the development and teaching of the course Natural and Agri-food Systems to 300-500 students each year for a period of four years. This course is delivered over two campuses, by both internal and external modes and in conventional and summer semester teaching programs.

### **UQ Staff Development Program**

---

2007 Flexible learning for external students  
2007 Collaborative Teaching and Learning  
2005 RPG023 Remotely Interested: advising off-campus students  
2002 Inclusive learning: teaching students with disabilities  
2001 Introduction to ACCESS  
1992, 1993 & 1997 Participation in UQ Action Learning Program as a team member, team leader and learning mentor.

### **Current Research Fields and Funding**

---

- **The development of guidelines for the application of integrated conservation and development programs for Cat Ba Island National Park, Vietnam.** Adviser to Ashley Brooks, MPhil student.
- **Waste water and solid waste management model based on community participation in the outskirts and rural areas of Vietnam.** Adviser to Minh Duong, PhD student, AusAID funded.
- **The role of change agents at the interface where top down meets bottom up.** Principal adviser for PhD research by Doug Graham, CRRI-Q.
- **An action research approach for smallholder forestry in Leyte, Philippines** with Jack Baynes, PhD student, ACIAR funding.
- **Strategic intervention into development processes for small and vulnerable countries.** PhD awarded June 2005.
- **Civil-Military cooperation and transition pathways for peace.** The processes of development accompanying the cessation of hostilities and the transition from emergency through to redevelopment of civil society. Fulbright Symposium 2004 *Civil-Military Cooperation and the War on Terror*.
- **Strengthening the competitiveness of the Indonesian Mango Industry for domestic and export markets.** Supervision of a PhD student. Trina Fizzanty, AusAID.
- **Farmer-based Adaptive Rodent Management, Extension and Research System.** An ACIAR project in Cambodia working with the Cambodian Agricultural Research and Development Institute and the Department of Agricultural Extension. My role is to contribute to the analysis of individual and common property dimensions of the farmers' rodent control program. Supervision of a PhD student examining economic aspects of traditional rodent control methods in Cambodia. El Sotheary, ACIAR
- **Evaluating barriers to adoption of progressive fruit marketing practices by Vietnamese mango growers in the Mekong Delta, Vietnam.** Principal adviser for PhD research by Marlo Rankin, funded by UQ and AusAID.

### **Graduated Research Students**

---

Ilisapeci Lyons MSc, 2002: *Participatory Research, Development and Extension*  
Leonie Pearson PhD, 2004: *The Economic Importance of Noosa National Park: an Holistic Assessment*  
Taslim Sjah PhD, 2006: *Agricultural Credit: Decisions and Strategies*

Shahram Kaboodvandpour, PhD 2007: *Predictive density thresholds for managing house mice in wheat and sorghum crops.*

Caonam Nguyen: PhD July 2007: *The management of farming and trading risk by SE Old farmers.*

Nur (Yuke) Rahayu: PhD submitted for examination 2007, *The market and policy environment for organic produce in Australia.*

James Galletly PhD submitted for examination 2007, *Ground water use and creek flow in the Lockyer Valley.*

Mark Hawkes, PhD submitted for examination 2007, *Secondary vegetation patterns and biodiversity conservation in managed landscapes of the tropics: A case study of two multi-ethnic villages in the lower mountainous region of Thai Nguyen province, Northern Vietnam.*

## Review of journal articles

---

- Australian Journal of Environmental Management
- Society and Natural Resources
- Australian Journal of Agricultural and Resource Economics
- Journal of Agricultural Education and Extension

## Language Skills

---

- Proficiency in written and spoken English
- Basic spoken Khmer
- Limited spoken and reading skills in French

## Professional Affiliations

---

- Member of the Australian Agricultural and Resource Economics Society
- Member of the Royal United Service Institute (Queensland)
- Member of Australia-Pacific Extension Network
- Member of the International Society of Horticultural Science

## Publications:

---

### Book Chapters

2000 **Woodford, K, Russell, I & Kilminster, C** 'Sustainability and development in atoll-based micro-states' in P Hale, A Petrie, D Moloney, & P Sattler (eds.), *Management for Sustainable Ecosystems*, Centre for Conservation Biology, Brisbane, pp. 154-8

1995 **Russell, IW** 'The economic argument for participatory Land Care' in S. Chamala and K. Keith (eds.), *Participative Approaches for Land Care: Perspectives, Policies and Programs*, Australian Academic Press, Bowen Hills, Queensland, pp.153-63.

### Papers, Monographs and Reports

2007 **Bosch, OJH, King, CA, Herbohn, JL, Russell, IW, Smith, CS** 'Getting the big picture in natural resource management – systems thinking as 'method' for scientists, policy makers and other stakeholders' accepted for publication in the *ANZSYS Special Issue of Systems Research & Behavioural Science*.

2006 **Mangaoang, E, Russell, I, Gordon, G, Herbohn, J, Harrison S and Cedamon, E**, 'Improving information flow on tree farming policies for smallholder farmers in Leyte', in *Philippine Agroforestry Development Monitor*, No. 2, October 2006.

2006 **Leung, LK-P, Seth, S, Starr, CR, El, S, Russell, IW, King, CA, Tea Rithy, V and Chan, P**, 'Selecting bait base to increase uptake of zinc phosphide and warfarin rodenticide baits', in press, *Crop Protection*.

2005 **Rankin, M & Russell, I** 'Emerging structures of farmer cooperatives in Vietnam: case studies from the Mekong Delta', in P. Batt (ed.) *Proceedings of the First International Symposium on Improving the Performance of Supply Chains in the Transitional Economies*, ISHS, Acta Horticulturae 699, Chiang Mai Thailand.
